

TECHNICAL FORM VILLAS RESORT 2020

Description

The recently built Villas Resort is a four-star hotel that blends harmoniously into the natural landscape, extending into its garden park, surrounded by the scents of myrtle, juniper and lentisco, very near to the famous beach of Costa Rei and the famous "Scoglio di Peppino". The stylish and elegant Hotel, with its typically Mediterranean architecture, gives rise to shapes and colors that complement each other superbly, without creating any contrast to the landscape. It is about 500 meters from the fully equipped beach, which can be reached on foot along an unpaved road or using the free electric Golf Car service that connects continuously, during the day, the beach with the hotel. The beautiful sandy beach slopes very gently down to the sea and is ideal for children.
